**15. Multidisciplinary / interdisciplinary**

In order to implement The National Education Policy 2020 in higher education in the Union Territory of Jammu and Kashmir, making it one of the first regions to adopt the reform. Higher education institutions have seen significant changes, with an emphasis on interdisciplinary and multidisciplinary approaches. To keep up with these changes, Govt. Degree College Kupwara has blended various subjects with complementary streams to enhance education and research. By incorporating these reforms, NEP-2020 will be implemented in a meaningful and outcome-based manner. The college has designed courses and combinations that take into account the interests and choices of students. To facilitate this, the college organized a well-organized career counselling event and awareness camps on campus. Starting from the next session, the practice of dividing students into compartments based on their academic streams will be discontinued. Instead, students will have the freedom to choose subjects from different disciplines, allowing for greater flexibility in their academic pursuits.

**16. Academic bank of credits (ABC):**

The Academic Bank of Credits (ABC) is a new initiative that has been introduced as part of the National Education Policy 2020. The primary aim of this initiative is to create a standardized and transparent system for recognizing and transferring academic credits earned by students. It allows students to earn and accumulate credits for courses they have completed, which can be transferred to other institutions when they seek admission to other courses or programs. To implement the Academic Bank of Credits in the college, the management has organized awareness programs for the students. These programs provide detailed information about the ABC, its Significance, and how it can benefit students in their academic pursuits. Starting from the 2022 session, students will be required to create an ABC ID to access the system. This ID will enable them to accumulate credits earned from various courses, which can be transferred to other institutions when they wish to pursue higher studies or seek employment. To ensure the smooth functioning of the Academic Bank of Credits system, a nodal officer has been designated within the college. This officer will act as the point of contact for students, faculty, and other stakeholders, and will facilitate

the registration process for ABC IDs. The nodal officer will also oversee the maintenance of the system and ensure that it is in compliance with the guidelines and regulations laid out by the authorities. Overall, the introduction of the Academic Bank of Credits is expected to create greater transparency and flexibility in the higher education system, benefiting both students and institutions alike.

#### **17.Skill development:**

Govt Degree College Kupwara is actively promoting skill-based education, as per the guidelines outlined in the National Education Policy 2020. The college has prioritized skill courses to enhance employability among its students. These skill courses will be selected based on the National Skills Qualifications Framework (NSQF) and will be taught both in the college as well as through partnerships with various industries, academic institutions, and privately-owned organizations. Under the NSQF, students earn credits for the skills they learn through these courses, which are recognized nationally. To ensure the best learning experience for students, the college will collaborate with several skill partners who specialize in different areas. By partnering with such organizations, the college can provide its students with access to the latest industry-specific knowledge, best practices, and hands-on training. This approach to skill-based education is expected to enhance the employability of students by equipping them with the skills required in the job market. Students will not only acquire knowledge but also practical skills and experience that will make them job-ready.

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

In line with the National Education Policy 2020, Govt. Degree College Kupwara has taken significant steps towards integrating the Indian Knowledge system into its academic curriculum. To achieve this objective, the college will introduce courses such as Understanding India, Health and wellness, and Yoga education in the first two semesters of the UG Program. By introducing such courses, the college aims to instill in its students a sense of pride and understanding of the Indian Knowledge system, and its diverse cultural heritage. Moreover, this initiative will help students gain a deeper appreciation of the country's rich history, art, and cultural traditions. The college encourages students to participate in these courses through a well-established career counselling program. The counselling program helps students to make informed decisions about their future and choose courses that align

with their interests, aptitude, and career goals. By providing students with a broad range of courses that are not only informative but also culturally enriching, the college is fulfilling its mission of providing a holistic education that prepares students for the challenges of the future.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

The affiliating university and the college is promoting Outcome Based Education (OBE), which focuses on clearly defining the expected outcomes of each course and assessing students based on their ability to achieve those outcomes. In line with this, the university has been updating its curriculum to reflect the principles of OBE. To ensure that the faculty and students at Govt. Degree College Kupwara are familiar with OBE and the Learning Outcome Curriculum Framework (LOCF), the college recently organized a seminar on this topic. The seminar provided an opportunity for the faculty and students to learn about the LOCF, which is a tool that helps in designing courses that are outcome-focused and aligned with the needs of the industry and the changing job market. Through the seminar, the faculty and students were introduced to the concept of OBE and the LOCF, which will be a crucial part of the updated curriculum. The LOCF provides a structured approach to course design, focusing on defining clear learning outcomes for each course and aligning those outcomes with the needs of the industry and the job market. By introducing the LOCF to the faculty and students, the college is taking proactive steps to ensure that its curriculum is relevant, up-to-date, and aligned with the needs of the industry. This will help to equip students with the knowledge and skills they need to succeed in their chosen careers and contribute to the growth and development of the country.

#### **20.Distance education/online education:**

Govt. Degree College Kupwara has enhanced its virtual platforms to reach students and stakeholders remotely. The institution has been using virtual mediums to deliver study material even before the pandemic. The hybrid pedagogy implemented in the institution has extended contact hours for teaching, making it possible to conduct assessments, viva-voce, laboratory experimentation, and other academic transactions online. The institution has a robust LMS in place, and Google Classroom, Zoom, Wise App, and other applications are used for online learning. Remedial classes and tutorials are arranged for below-average students beyond college hours in the online mode. The institution also provides counselling to opt for courses available on SWAYAM, NPTEL, V-Lab, etc., which are available in the distance mode. The institution conducts classes and

examinations online during pandemic and this also trained students and staff to use blended learning and to follow the provisions available under NEP-2020. The College also has study centers of Different distance Education Learning platforms of the affiliated University, IGNOU and MANJU.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college follows the academic calendar provided by the University of Kashmir, ensuring effective curriculum delivery. Faculty members analyse student needs before each semester and plan curriculum delivery accordingly, incorporating various activities related to the syllabus. Workload statements are submitted by department heads, forming the basis for the general timetable. Each department creates its own teaching plan, covering topics within the specified time frame. The curriculum delivery involves interactive activities such as classroom teaching, group discussions, presentations, quizzes, debates, and tests, fostering higher order cognitive skillin students. Regular assessments and examinations are conducted, with results reviewed to identify and assist weaker or advanced students through remedial classes. The faculty works collaboratively to

support academic growth, actively participating in university meetings, seminars, and conferences. The college strictly follows the new examination pattern introduced by the university. Initiatives like the CBCS model, library enrichment, laboratory upgrades, subject tours, industrial visits, seminars, debates, and workshops contribute to effective curriculum planning, development, and delivery. Skill-oriented courses are offered to enhance students' abilities and improve their job prospects in national and international markets.

#### 1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The institute has developed a structured and documented process for implementing the curriculum. The internal quality assurance cell (IQAC) of the college in consultation with the heads of departments, timetable committee, examination committee prepares the academic calendar of the session and incorporates components like theory, practical's, tutorials, student seminars, extension activities and reflects same in college brochure, website, and notices for information of students. Moreover, the examination calendar is notified by the affiliating University from time to time. The college has introduced internal assessment tests and class tests to evaluate the academic performance of students in the curricular aspect. The dates for these tests are being notified by the Examination Committee and concerned Departments through website and notice boards. The aim of these assessments is to ascertain their academic potential and regularity and punctuality in their classes. The Departments keep track of educationally weaker students and their demands like the conduct of remedial classes, individual attention is given by the concerned faculty. It has also been found that said reforms have improved the attendance and punctuality of the students. Moreover, most of the Departments have introduced innovative methods of evaluation like Open Book Tests/ Google quiz, online examinations, etc.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The district of Kupwara in Jammu and Kashmir has a predominantly rural population, and the majority of students in GDC Kupwara come from economically weaker sections. The college takes various steps to identify slow and advanced learners through assessments and discussions. A separate timetable of remedial classes is created for slow learners, where teachers provide additional learning material and revise critical topics. Special assignments and group discussions are conducted to boost learning ability and morale. Advanced learners are encouraged through participation in various activities and provided opportunities to acquire new skills and knowledge. Both groups engage in group discussions to adapt to evolving educational dynamics. The college also offers counseling and support, references to journals, and uses technology to enhance learning experiences. Online classes through various platforms were also used during covid 19 for all the learners including advanced and slow learners.

Strategies for Advanced learners.

1. Advanced learners are exposed to different online educational Programmes like MOOC courses, Swayam which act as an option for advance learning.

2. Special seminars on contemporary topics are conducted to prepare them for different placements.

3. Students are encouraged and guided to participate and present in various seminars, conferences and workshops.

In-house competitions such as debates, group discussions, complex problem-solving are also conducted to improve and boost the knowledge of the students.

GDC Kupwara has devised and efficient mechanism to deal and heal with the examination related grievances within time bound frame. The college strictly adheres to the guidelines and rules issued by the affiliating university while conducting internal and semester-end examinations. At the college level, an examination committee, comprising of a senior teacher as the coordinator and other teaching and non-teaching staff as members is formulated to coordinate the examination process in the institution. The said committee conducts counseling sessions for students who have failed in the examination by offering them remedial classes etc. Retest for the internal assessments is conducted for the students who remain absent due to some genuine reasons. The results for internal assessments are uploaded on the university web portal with a given time frame and students can check their performances on their university accounts. There is a proper re-evaluation system offered by the affiliating university for the students who are not satisfied with their results upon declaration. The application and evaluation of the same is as per university guidelines.

### 3.3 - Extension Activities

3.3.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

Throughout the year, the college conducts a range of extension activities in the neighborhood community, which aim to sensitize students to social issues and contribute to their holistic development. These activities have a significant impact on the students and the community. Here is a summary of the activities and their impact: 1. Awareness programs: The college organizes various awareness programs on social issues such as drug addiction, creativity and innovation, environmental concerns, women's hygiene, and literacy. The impact is seen in increased awareness and sensitivity among students, who are more likely to actively participate in addressing these problems.

2. Community service initiatives: The college engages in communityservice activities like cleanliness drives, blood donation camps, and plantation drives. These initiatives instill a sense of responsibility and civic duty in students. They also contribute to the betterment of the community by improving cleanliness, health, and sustainable use of natural resources. 3. Adopting tribal villages: The college has adopted two tribal villages with low literacy and economic levels. Students actively participate in extension activities in these villages, gaining exposure to their culture, traditions and socioeconomic challenges. This experience fosters empathy, leadership qualities, and problemsolving skills among students. It also contributes to the overall development and empowerment of the tribal communities.

## 4.2 - Library as a Learning Resource

### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Government Degree College Kupwara has well established library which is automated using the Software for University Libraries (SOUL) developed by the INFLIBNET Centre in Ahmadabad. The automation process took place in 2018, with the implementation of SOUL 2.0 software. The library's entire collection, including both the Lending section and Reference section, is cataloged in SOUL 2.0, and each item is barcoded and labeled according to library standards. SOUL 2.0 provides various modules for acquisition, circulation, cataloging, patron management, serials, and online Public Access Catalog (OPAC). The circulation transactions such as issuing and returning books, fines, and other related activities are performed through the software. Additionally, the library has an OPAC terminal available, enabling users to access the collection using different approaches such as title, author, accession number, ISBN, CALL.No, Title plus Author, Subject search, Advance search and Boolean operator. SOUL offers additional tools that facilitate day-to-day operations of the library, including ID card creator, spine label creator, and barcode generation. The library has a dedicated Local Area Network (LAN) for the circulation, cataloging, and OPAC terminal, ensuring smooth connectivity and functioning. SOUL 2.0 is a user-friendly software designed specifically for college and university libraries. It operates in a client-server architecture and is compatible with popular relational database management systems like MS-SQL and MySQL. The software complies with international standards such as MARC 21 bibliographic format and supports Unicode-based Universal Character Sets for multilingual bibliographic records.

### 4.3 - IT Infrastructure

#### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

GDC Kupwara places great importance on the regular up-gradation of its IT facilities to enhance the teaching and learning process. Despite being located in a far-flung area, the college administration is committed to upgrading both the physical and software/networking components of the IT infrastructure. At the beginning of each academic year, a need assessment is conducted based on course requirements, student feedback, and faculty input to identify areas for replacement, up-gradation, or addition of IT infrastructure. The College redesigned its Website, with updated information, and made it user-friendly and interactive. The Website is managed and maintained by the IQAC cell of the college. The college constantly evaluates the current needs and takes steps to upgrade the internet bandwidth. Currently, the college has more than 250 Mbps internet bandwidth, including connections from the University of Kashmir, Bharat Sanchar Nigam Ltd (BSNL), and recently purchased bandwidth from Jio. The internal networking has been upgraded to ensure widespread internet connectivity across the campus, including administrative blocks, departments, classrooms, laboratories, conference halls, and the auditorium.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The college has well-established systems and committees in place to maintain and utilize its physical facilities. Various committees, including the advisory committee, purchase committee, development committee, and library committee, contribute to formulating maintenance policies. Funds for building maintenance are obtained from the administrative department, with occasional availability under the plan-head. Small repairs and maintenance expenses are covered by the college's local fund. The campus is maintained by dedicated employees supervised by the principal and the development and landscape committee. Tasks include regular cleaning of water tanks, garbage disposal, pest control, landscaping, and lawn maintenance. Caretakers are responsible for general classroom and auditorium upkeep. Stock registers are maintained to record

and annually audit items in general and departmental inventories. Computer and science\ laboratory equipment undergo regular maintenance by technical staff and laboratory attendants, overseen by lab in-charges. IT infrastructures such as computers, internet facilities, Wi-Fi, and broadband are outsourced for maintenance and repairs. The computer lab-in-charge and teachers from the BCA department maintain lab and internet facilities. The auditorium is managed by technical staff. Wooden furniture, electrification, and plumbing are maintained by college local fund employees. Water coolers and purifiers receive regular maintenance from outsourcing agents.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )

The college provides students with opportunities to actively participate in various academic and administrative bodies, enabling them to develop leadership qualities. Students serve as members of committees such as the Internal Quality Assurance Cell(IQAC), Boys/Girls NSS Committee, NCC Committee, Prevention of Sexual Harassment Committee, Anti-ragging committee, Library committee, and Hostel committee. These student representatives play a crucial role in voicing the opinions and suggestions of their respective classes regarding faculty, subjects, syllabus, teaching methodologies, and other related activities. They actively participate in college programs including seminars, debates, sports events, national festivals, NSS activities, NCC activities, and extension activities. Class Representatives act as spokespersons for their classes and convey any grievances to the relevant authorities for resolution. They also contribute to maintaining discipline on campus by encouraging students to adhere to college rules and regulations. The principal regularly conducts meetings with all the classes to address students' grievances and gather their suggestions for policy development. Student representatives take charge of organizing cultural and extracurricular activities within and outside the college. Some students are designated as student Under-Officers/Seniors to lead NCC contingents, while others serve as unit representatives in NSS units. These students actively participate in National Youth Parliaments, Republic Day, and Independence Day celebrations, representing the college. Overall, the college fosters student participation, empowerment, and responsibility through their involvement in various committees and activities, creating a vibrant and inclusive campus environment.

## 5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Since its establishment in 1988, the institution has produced numerous alumni. Recently, the college initiated the process of registering the Alumni Association of GDC Kupwara. The college highly values its alumni and invites them to important college events and programs. To maintain this connection, various departments of the college organize alumni get-togethers, where interactive meetings are held to counsel current students on career options and future academic or vocational choices. Annual alumni meetings are conducted to foster stronger bonds with the institution. The college recognizes and honors its distinguished alumni through special programs and events. Some alumni have even joined the college as faculty and staff members, providing inspiring interactions with the students. Alumni actively participate in various welfare activities and contribute to policy-making projects. Their opinions and feedback are sought on college policies, and they are involved in Annual Review Meetings for course review and content monitoring. Moreover, alumni actively engage in seminars, sports activities, and cultural programs organized by the college.

### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The college envisions becoming an institution of excellence, providing genuine, reliable, and unbiased knowledge to enlighten minds and prepare students to meet economic, social, and environmental challenges. Its mission is to impart quality education, foster research and inquiry, develop a sense of community through extension work, instill moral values and leadership qualities, and promote peace and harmony. The college management, led by the Principal, coordinates the functions of the institution. Committees comprising teaching and non-teaching faculty members handle curricular and co-curricular affairs, as well as administrative functions. Department heads monitor and nurture students' intellectual growth, supported by the administration. The college aims to create an equitable and democratic environment for smooth operations. The leadership and management of the college strive to equip students with critical thinking, innovation, and experimentation skills, enabling them to become transformative leaders in society. The governing body provides support for infrastructural requirements and academic projects. The college's distinctive approach is reflected in the achievements of its alumni in research, education, innovation, and community outreach. Despite being a government college with decision-making controlled by the government, the college has introduced market oriented, entrepreneurial courses and applied branches of traditional programs.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The Principal, as the academic head of the institution, has sufficient freedom and responsibility to fulfill the institution's vision and mission. Academic responsibilities are distributed among staff members, and committees are appointed for academic and co-curricular activities. The committees roles and responsibilities are communicated transparently through noticeboard displays and regular staff meetings. Decisions are made through participative decision-making, involving all relevant stakeholders. Regular meetings are held between the Principal, teaching staff, and non-teaching staff to discuss various issues and arrive at decisions. Department heads oversee the functioning of their respective departments, ensuring effective decentralization. The administration of the college includes various personnel, such as Head Assistants, Senior Assistants, Junior Assistants, and Class IV Staff. The administration encourages open discussion and involvement of the staff to improve the effectiveness and efficiency of the institution. The Internal Quality Assurance Cell (IQAC) plays a central role in evaluating academic standards and making policy decisions. The IQAC monitors academic performances, implements feedback systems for students and staff, and makes decisions regarding timetables, evaluation systems, admission processes, academic coordination, examinations, and research and extension activities. The Principal and the members of the Governing Body consistently strive to enhance the college's quality through effective management.

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The College has a strategic plan/perspective devised for effective implementation. Institutional Development Plans are framed in which the construction, academic augmentation, and infrastructural requirements are projected in order of priority. The plans are submitted to Govt. for approval. The institution has successfully applied for grants from Govt. under different schemes. The College also generates local grants through different sources: Grants have

been received for the maintenance of existing Blocks. The laboratories, establishments, and facilities have been renovated. All the classrooms have been modernized by installing highend ICT gadgets. Vertical constructions are being promoted for optimum space management in the campus. Ample amount is spent on landscape development and green campus development. Non-conventional sources of energy are being promoted in the campus. Equal opportunities for all the sections of the students have been ensured. Disabled friendly infrastructure has been taken care of. More facilities like psychological counseling, career counseling services, residential facilities in hostels, library services, and health services have been upgraded. Laboratory equipment (consumable & non consumable) has been upgraded and high-end equipment has been purchased and optimally used. Introduction of new subjects at the undergraduate level.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The governance of the government college lies with the Department of Higher Education, while the Principal manages the day-to-day administration with the support of various committees such as IQAC, Advisory, Purchase, and College Development. At the top of the administrative hierarchy is the Administrative Secretary of the Department of Higher Education. The Principal, as the Institutional head, has the authority to spend and release grants in consultation with College Committees and the Accounts Section. The Principal formulates Institutional Development Plans (IDP) in consultation with conveners of committees and obtains approval from the Administrative Department for fund allocation. The funds are then managed by the Principal.

#### **6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff**

The College is following the PBAS-Performance Based Appraisal System laid down by the UGC. In this scheme, the performance is classified into three categories (i) Teaching, Learning & Evaluation related activities (ii) Co-Curricular, Extension & Professional Development related activities (iii) Research Publications & Academic Contributions. These are called Academic Performance Indicators

(API). The CAS-Career Advancement Scheme of the entire college faculty in the UT of Jammu & Kashmir is governed by the API unless separate SROs are notified through the administrative department from time to time. At the end of each academic year, the performance of the faculty is consolidated based on the above categories on the proforma which is signed by the Coordinator of the IQAC of the college. The APRs-Annual Performance Reports are given by the Principal and the API scores are calculated for each of the three categories. The recommendation is the basic requirement to be placed into the next grade in CAS by the administrative department. Moreover, the performance of the faculty of the college is always the basis for assigning different roles to the faculty in the overall academic administration of the college. This is always done after taking structured feedback from the students.

**7.2 - Best Practices**

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

**Title:** Promoting Sustainability at the Adopted Village "Voghhbal Kupwara" **Objectives:**To reach out to the community through the National Service Scheme to promote natural resource conservation. To identify the needs of the community and life support system. To organize awareness programs and provide skill to use resources in a sustainable way. To generate real time data about practices in the area and help to promote eco-friendly developmental works and resource conservation in the area. **Context:** The remoteness of village "Voghal", Kupwara and its proximity to forest area poses serious challenges and responsibility to the community living in the area. The area is very fragile and lacks many basic modern services and facilities. There is urgency to support them and help them fulfil their demands and utilize local resources in a sustainable way. **Practice:**In the adopted village, the college organized awareness camps and training programmes and also provided logistic support services by donating matting, notebooks, pens, pencils and other stationery to the Government Primary School Voghhbal. The NSS volunteers accompanied by NSS Officers and other staff members visited the village and held face to face meetings.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college follows the academic calendar provided by the University of Kashmir, ensuring effective curriculum delivery. Faculty members analyse student needs before each semester and plan curriculum delivery accordingly, incorporating various activities related to the syllabus. Workload statements are submitted by department heads, forming the basis for the general timetable. Each department creates its own teaching plan, covering topics within the specified time frame. The curriculum delivery involves interactive activities such as classroom teaching, group discussions, presentations, quizzes, debates, and tests, fostering higher order cognitive skill in students. Regular assessments and examinations are conducted, with results reviewed to identify and assist weaker or advanced students through remedial classes. The faculty works collaboratively to support academic growth, actively participating in university meetings, seminars, and conferences. The college strictly follows the new examination pattern introduced by the university. Initiatives like the CBCS model, library enrichment, laboratory upgrades, subject tours, industrial visits, seminars, debates, and workshops contribute to effective curriculum planning, development, and delivery. Skill-oriented courses are offered to enhance students abilities and improve their job prospects in national and international markets.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The institute has developed a structured and documented process for implementing the curriculum. The internal quality assurance cell (IQAC) of the college in consultation with the heads of departments, timetable committee, examination committee prepares

the academic calendar of the session and incorporates components like theory, practical's, tutorials, student seminars, extension activities and reflects same in college brochure, website, and notices for information of students. Moreover, the examination calendar is notified by the affiliating University from time to time. The college has introduced internal assessment tests and class tests to evaluate the academic performance of students in the curricular aspect. The dates for these tests are being notified by the Examination Committee and concerned Departments through website and notice boards. The aim of these assessments is to ascertain their academic potential and regularity and punctuality in their classes. The Departments keep track of educationally weaker students and their demands like the conduct of remedial classes, individual attention is given by the concerned faculty. It has also been found that said reforms have improved the attendance and punctuality of the students. Moreover, most of the Departments have introduced innovative methods of evaluation like Open Book Tests/ Google quiz, online examinations, etc.

### 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The college incorporates cross-cutting issues into its curriculum through the affiliating university. Environmental and sustainability topics are integrated into various courses such as Environmental Studies, Chemistry, Zoology, Botany, Geography, and Disaster Management. Human values are taught in subjects like Political Science, Commerce, English, and Education, while professional ethics are included in English, Commerce, and Education courses. The college also offers a separate skill course on Gender Sensitization. Renewable Energy and Energy Harvesting courses are provided to enhance students' skills. Environmental Studies is a compulsory course covering important topics like the environment, natural resources, biodiversity, pollution control, waste management, and more. The college promotes awareness and sensitization through co-curricular and extracurricular activities. The National Service Scheme (N.S.S.) undertakes environmental protection initiatives like tree plantation, village cleanliness drives, and awareness programs. Competitions, talks, and events are organized to raise awareness about nature, biodiversity, and sustainability. The college actively participates in campaigns such as Swachh Bharat Summer Internship and Swachhta Pakhwada. Ethical and human values are integrated through activities conducted by N.S.S., N.C.C., YRC, SVEEP, and the Political Science department. National festivals and social initiatives further promote values and address gender issues. Overall, the college strives to create an inclusive and environmentally conscious learning environment.

**2.2 - Catering to Student Diversity**

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The district of Kupwara in Jammu and Kashmir has a predominantly rural population, and the majority of students in GDC Kupwara come from economically weaker sections. The college takes various steps to identify slow and advanced learners through assessments and discussions. A separate timetable of remedial classes is created for slow learners, where teachers provide additional learning material and revise critical topics. Special assignments and group discussions are conducted to boost learning ability and morale. Advanced learners are encouraged through participation in various activities and provided opportunities to acquire new skills and knowledge. Both groups engage in group discussions to adapt to evolving educational dynamics. The college also offers counseling and support, references to journals, and uses technology to enhance learning experiences. Online classes through various platforms were also used during covid 19 for all the learners including advanced and slow learners.

Strategies for Advanced learners.

1. Advanced learners are exposed to different online educational Programmes like MOOC courses, Swayam which act as an option for advance learning.

2. Special seminars on contemporary topics are conducted to prepare them for different placements.

3. Students are encouraged and guided to participate and present in various seminars, conferences and workshops.

In-house competitions such as debates, group discussions, complex problem-solving are also conducted to improve and boost the knowledge of the students.

**3.3 - Extension Activities**

3.3.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

Throughout the year, the college conducts a range of extension activities in the neighborhood community, which aim to sensitize students to social issues and contribute to their holistic development. These activities have a significant impact on the students and the community. Here is a summary of the activities and their impact: 1. Awareness programs: The college organizes various awareness programs on social issues such as drug addiction, creativity and innovation, environmental concerns, women's hygiene, and literacy. The impact is seen in increased awareness and sensitivity among students, who are more likely to actively participate in addressing these problems.

2. Community service initiatives: The college engages in communityservice activities like cleanliness drives, blood donation camps, and plantation drives. These initiatives instill a sense of responsibility and civic duty in students. They also contribute to the betterment of the community by improving cleanliness, health, and sustainable use of natural resources. 3. Adopting tribal villages: The college has adopted two tribal villages with low literacy and economic levels. Students actively participate in extension activities in these villages, gaining exposure to their culture, traditions and socioeconomic challenges. This experience fosters empathy, leadership qualities, and problemsolving skills among students. It also contributes to the overall development and empowerment of the tribal communities.

#### 4.2 - Library as a Learning Resource

##### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Government Degree College Kupwara has well established library which is automated using the Software for University Libraries (SOUL) developed by the INFLIBNET Centre in Ahmadabad. The automation process took place in 2018, with the implementation of SOUL 2.0 software. The library's entire collection, including both the Lending section and Reference section, is cataloged in SOUL 2.0, and each item is barcoded and labeled according to library standards. SOUL 2.0 provides various modules for acquisition, circulation, cataloging, patron management, serials, and online Public Access Catalog (OPAC). The circulation transactionssuch as issuing and returning books, fines, and other related activities are performed through the software. Additionally, the library has an OPAC terminal available, enabling users to access the collection using

different approaches such as title, author, accession number, ISBN, CALL.No, Title plus Author, Subject search, Advance search and Boolean operator. SOUL offers additional tools that facilitate day-to-day operations of the library, including ID card creator, spine label creator, and barcode generation. The library has a dedicated Local Area Network (LAN) for the circulation, cataloging, and OPAC terminal, ensuring smooth connectivity and functioning. SOUL 2.0 is a user-friendly software designed specifically for college and university libraries. It operates in a client-server architecture and is compatible with popular relational database management systems like MS-SQL and MySQL. The software complies with international standards such as MARC 21 bibliographic format and supports Unicode-based Universal Character Sets for multilingual bibliographic records.

#### 4.3 - IT Infrastructure

##### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

GDC Kupwara places great importance on the regular up-gradation of its IT facilities to enhance the teaching and learning process. Despite being located in a far-flung area, the college administration is committed to upgrading both the physical and software/networking components of the IT infrastructure. At the beginning of each academic year, a need assessment is conducted based on course requirements, student feedback, and faculty input to identify areas for replacement, up-gradation, or addition of IT infrastructure. The College redesigned its Website, with updated information, and made it user-friendly and interactive. The Website is managed and maintained by the IQAC cell of the college. The college constantly evaluates the current needs and takes steps to upgrade the internet bandwidth. Currently, the college has more than 250 Mbps internet bandwidth, including connections from the University of Kashmir, Bharat Sanchar Nigam Ltd (BSNL), and recently purchased bandwidth from Jio. The internal networking has been upgraded to ensure widespread internet connectivity across the campus, including administrative blocks, departments, classrooms, laboratories, conference halls, and the auditorium.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The college has well-established systems and committees in place to maintain and utilize its physical facilities. Various committees, including the advisory committee, purchase committee, development committee, and library committee, contribute to formulating maintenance policies. Funds for building maintenance are obtained from the administrative department, with occasional availability under the plan-head. Small repairs and maintenance expenses are covered by the college's local fund. The campus is maintained by dedicated employees supervised by the principal and the development and landscape committee. Tasks include regular cleaning of water tanks, garbage disposal, pest control, landscaping, and lawn maintenance. Caretakers are responsible for general classroom and auditorium upkeep. Stock registers are maintained to record and annually audit items in general and departmental inventories. Computer and science\ laboratory equipment undergo regular maintenance by technical staff and laboratory attendants, overseen by lab in-charges. IT infrastructures such as computers, internet facilities, Wi-Fi, and broadband are outsourced for maintenance and repairs. The computer lab-in-charge and teachers from the BCA department maintain lab and internet facilities. The auditorium is managed by technical staff. Wooden furniture, electrification, and plumbing are maintained by college local fund employees. Water coolers and purifiers receive regular maintenance from outsourcing agents.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )

The college provides students with opportunities to actively participate in various academic and administrative bodies, enabling them to develop leadership qualities. Students serve as members of committees such as the Internal Quality Assurance Cell (IQAC), Boys/Girls NSS Committee, NCC Committee, Prevention of Sexual Harassment Committee, Anti-ragging committee, Library committee, and Hostel committee. These student representatives play a crucial role in voicing the opinions and suggestions of their respective classes regarding faculty, subjects, syllabus, teaching methodologies, and other related activities. They actively participate in college programs including seminars, debates, sports events, national festivals, NSS activities, NCC activities, and extension activities. Class Representatives act as spokespersons for their classes and convey any grievances to the relevant authorities for resolution. They also contribute to maintaining discipline on campus by encouraging students to adhere to college rules and regulations. The principal regularly conducts meetings with all the classes to address students' grievances and gather their suggestions for policy development. Student representatives take charge of organizing cultural and extracurricular activities within and outside the college. Some students are designated as student Under-Officers/Seniors to lead NCC contingents, while others serve as unit representatives in NSS units. These students actively participate in National Youth Parliaments, Republic Day, and Independence Day celebrations, representing the college. Overall, the college fosters student participation, empowerment, and responsibility through their involvement in various committees and activities, creating a

vibrant and inclusive campus environment.

### 5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Since its establishment in 1988, the institution has produced numerous alumni. Recently, the college initiated the process of registering the Alumni Association of GDC Kupwara. The college highly values its alumni and invites them to important college events and programs. To maintain this connection, various departments of the college organize alumni get-togethers, where interactive meetings are held to counsel current students on career options and future academic or vocational choices. Annual alumni meetings are conducted to foster stronger bonds with the institution. The college recognizes and honors its distinguished alumni through special programs and events. Some alumni have even joined the college as faculty and staff members, providing inspiring interactions with the students. Alumni actively

participate in various welfare activities and contribute to policy-making projects. Their opinions and feedback are sought on college policies, and they are involved in Annual Review Meetings for course review and content monitoring. Moreover, alumni actively engage in seminars, sports activities, and cultural programs organized by the college.

### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The college envisions becoming an institution of excellence, providing genuine, reliable, and unbiased knowledge to enlighten minds and prepare students to meet economic, social, and environmental challenges. Its mission is to impart quality education, foster research and inquiry, develop a sense of community through extension work, instill moral values and leadership qualities, and promote peace and harmony. The college management, led by the Principal, coordinates the functions of the institution. Committees comprising teaching and non-teaching faculty members handle curricular and co-curricular affairs, as well as administrative functions. Department heads monitor and nurture students' intellectual growth, supported by the administration. The college aims to create an equitable and democratic environment for smooth operations. The leadership and management of the college strive to equip students with critical thinking, innovation, and experimentation skills, enabling them to become transformative leaders in society. The governing body provides support for infrastructural requirements and academic projects. The college's distinctive approach is reflected in the

achievements of its alumni in research, education, innovation, and community outreach. Despite being a government college with decision-making controlled by the government, the college has introduced market oriented, entrepreneurial courses and applied branches of traditional programs.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The Principal, as the academic head of the institution, has sufficient freedom and responsibility to fulfill the institution's vision and mission. Academic responsibilities are distributed among staff members, and committees are appointed for academic and co-curricular activities. The committees roles and responsibilities are communicated transparently through noticeboard displays and regular staff meetings. Decisions are made through participative decision-making, involving all relevant stakeholders. Regular meetings are held between the Principal, teaching staff, and non-teaching staff to discuss various issues and arrive at decisions. Department heads oversee the functioning of their respective departments, ensuring effective decentralization. The administration of the college includes various personnel, such as Head Assistants, Senior Assistants, Junior Assistants, and Class IV Staff. The administration encourages open discussion and involvement of the staff to improve the effectiveness and efficiency of the institution. The Internal Quality Assurance Cell (IQAC) plays a central role in evaluating academic standards and making policy decisions. The IQAC monitors academic performances, implements feedback systems for students and staff, and makes decisions regarding timetables, evaluation systems, admission processes, academic coordination, examinations, and research and extension activities. The Principal and the members of the Governing Body consistently strive to enhance the college's quality through effective management.

## 6.2 - Strategy Development and Deployment

### 6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The College has a strategic plan/perspective devised for effective implementation. Institutional Development Plans are framed in which the construction, academic augmentation, and infrastructural requirements are projected in order of priority. The plans are submitted to Govt. for approval. The institution has successfully applied for grants from Govt. under different schemes. The College also generates local grants through different sources: Grants have been received for the maintenance of existing Blocks. The laboratories, establishments, and facilities have been renovated. All the classrooms have been modernized by installing highend ICT gadgets. Vertical constructions are being promoted for optimum space management in the campus. Ample amount is spent on landscape development and green campus development. Non-conventional sources of energy are being promoted in the campus. Equal opportunities for all the sections of the students have been ensured. Disabled friendly infrastructure has been taken care of. More facilities like psychological counseling, career counseling services, residential facilities in hostels, library services, and health services have been upgraded. Laboratory equipment (consumable & non consumable) has been upgraded and high-end equipment has been purchased and optimally used. Introduction of new subjects at the undergraduate level.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The governance of the government college lies with the Department of Higher Education, while the Principal manages the day-to-day administration with the support of various committees such as IQAC, Advisory, Purchase, and College Development. At the top of the administrative hierarchy is the Administrative Secretary of the Department of Higher Education. The Principal, as the Institutional head, has the authority to spend and release grants in consultation with College Committees and the Accounts Section. The Principal formulates Institutional Development Plans (IDP) in consultation with conveners of committees and obtains approval from the Administrative Department for fund allocation. The funds are then managed by the Principal.

**6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff**

The College is following the PBAS-Performance Based Appraisal System laid down by the UGC. In this scheme, the performance is classified into three categories (i) Teaching, Learning & Evaluation related activities (ii) Co-Curricular, Extension & Professional Development related activities (iii) Research Publications & Academic Contributions. These are called Academic Performance Indicators (API). The CAS-Career Advancement Scheme of the entire college faculty in the UT of Jammu & Kashmir is governed by the API unless separate SROs are notified through the administrative department from time to time. At the end of each academic year, the performance of the faculty is consolidated based on the above categories on the proforma which is signed by the Coordinator of the IQAC of the college. The APRs-Annual Performance Reports are given by the Principal and the API scores are calculated for each of the three categories. The recommendation is the basic requirement to be placed into the next grade in CAS by the administrative department. Moreover, the performance of the faculty of the college is always the basis for assigning different roles to the faculty in the overall academic administration of the college. This is always done after taking structured feedback from the students.

**7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management**

The College has an efficient solid waste management system and adheres to the principal of waste reduction and recycling system. The solid wastes are collected separately in colour coded bins. Biodegradable wastes are collected and converted into compost/organic fertilizer at vermin-compost plant inside the campus, while nonbiodegradable wastes are segregated at the source, with recyclable materials like plastic bottles, tins, cardboards, papers, metal scraps, wires etc. sent to local vendors for recycling. Liquid wastes such as sewage from washrooms and pantry units are drained through underground pipes into septic tanks and soakage pits. The college reduces the use of chemical waste by conducting experiments in groups and adopting green chemistry practices that minimize or eliminate the use of non- environmentally friendly solvents. E-wastes\ like non-functional computers, cables, and other electronic gadgets etc. generated in the college are separated and stored at designated places and then auctioned from time to time to be sent back for recycling. The Bio-medical and hazardous wastes generated if

any in the Bio-chemistry /Clinical Bio-chemistry labs are sent to the disposal facilities present at the nearby district hospital.

#### 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

**Title:** Promoting Sustainability at the Adopted Village "Voghbal Kupwara" **Objectives:** To reach out to the community through the National Service Scheme to promote natural resource conservation. To identify the needs of the community and life support system. To organize awareness programs and provide skill to use resources in a sustainable way. To generate real time data about practices in the area and help to promote eco-friendly developmental works and resource conservation in the area. **Context:** The remoteness of village "Voghal", Kupwara and its proximity to forest area poses serious challenges and responsibility to the community living in the area. The area is very fragile and lacks many basic modern services and facilities. There is urgency to support them and help them fulfil their demands and utilize local resources in a sustainable way. **Practice:** In the adopted village, the college organized awareness camps and training programmes and also provided logistic support services by donating matting, notebooks, pens, pencils and other stationery to the Government Primary School Voghbal. The NSS volunteers accompanied by NSS Officers and other staff members visited the village and held face to face meetings.
